She will feel inspired and valued, and her natural curiosity will be transformed into a love of learning that will last a lifetime.

A Warm Welcome

Welcome to Francis Holland Preparatory School - a wonderfully happy and friendly community of 4 to 11-year-old girls. I'm delighted to be leading the school at a very exciting time as we build on the success of Francis Holland Junior School in our new home in Chelsea.

Francis Holland Prep cultivates confident girls who are eager to share their latest fascinating discoveries and achievements. They feel a strong sense of belonging within a supportive environment, as we know that when girls feel truly known, loved and valued for who they are, they go on to achieve extraordinary things.

My experienced and inspirational teaching staff provide an environment which inspires, encourages and, above all, cares for our girls as individuals. We aim to empower them through a rigorous, but balanced, curriculum complemented by a wealth of sporting, dramatic, musical and artistic opportunities.

I, along with my staff and pupils, look forward to welcoming you to our beautiful school.

An Inspiring Environment

A Curious Mind

We recognise the importance of the early years of your daughter's education, and we aim to foster a lifelong love of learning by sparking her curiosity with a broad, balanced and engaging curriculum. She will thrive on creative, thought-provoking learning from teachers who will develop her natural curiosity, enabling her to flourish both academically and socially.

The curriculum is designed to offer academic stretch and challenge to every girl. Your daughter's lessons will enable her to build strong foundations of knowledge and understanding through a variety of pedagogical practices.

Girls are encouraged to be brave and have a go, no matter how great the challenges before them. They become motivated to discover their own learning strategies and passions. They learn to debate with gusto, reflect on the world around them with empathy, solve problems creatively and appreciate the bigger picture.

A Caring Community

Every girl at Francis Holland Prep is valued for who she is, her own unique skills and abilities, and is supported by a comprehensive wellbeing programme which builds resilience, confidence and character.

Our small class sizes ensure that every child feels known and loved, cultivating a nurturing and supportive environment, whilst also promoting the values of kindness, respect and care for one another and the world around us.

A Creative Spark

The creative arts are an integral part of daily life at Francis Holland Prep, and all our pupils are encouraged to explore their creative abilities.

Drama is a vibrant dimension of school life and girls develop skills such as collaboration and confidence by taking part in group performances, assemblies and numerous other school events.

Music is also embedded within every girl's education as we encourage all to achieve their musical potential with a vast array of performance opportunities. We offer hundreds of individual music lessons every week with a diverse array of instruments.

The wide range of ensembles available to our girls engenders confident, imaginative and joyful musicians.

Through a rich and varied curriculum covering sculpture, drawing, painting, printmaking and textiles, Art at Francis Holland Prep stimulates creativity and imagination. Our central London location enables us to visit galleries and museums with ease and there are many opportunities to engage in art outside the curriculum, from co-curricular clubs to workshops.

Classical ballet, taught by Chelsea Ballet School, forms part of the curriculum in Reception, Year 1, 2 and 3 and is a popular co-curricular activity from Year 4 upwards. Ballet exams can be taken from Year 1 onwards.

A Fearless Enthusiasm

Sport at Francis Holland plays an important part in the life of each child and your daughter will be encouraged to participate in a culture where effort, commitment and teamwork are rewarded. We offer a supportive, sensitive and inclusive sporting environment fostering a lifelong love of sport.

We have dedicated outside space and gym facilities for all onsite lessons, with netball fixtures played on the court at Francis Holland, Sloane Square. Nearby Battersea Park offers specialist facilities for netball, football and athletics for Years 3 – 6. Swimming lessons take place at Queen Mother Sports Centre in Victoria and Fulham Pools.

Life Beyond the Classroom

Our broad curriculum is complemented by a rich and diverse range of co-curricular clubs and activities, including debating, chess, yoga, performing arts and sport. There is something for everyone, ensuring that your daughter has the opportunity to discover and develop her unique abilities beyond the classroom.

Frequent trips around London and beyond form an integral part of life at Francis Holland Prep. These range from visits to parks and stately homes, to museums, galleries and theatres to fully enhance the girls' cross-curricular learning.

Francis Holland Foresters is our bespoke outdoor education programme that takes girls outside the

classroom to enjoy the nature around them, whilst benefitting from memorable learning opportunities.

Central to our mission as a school is the development of compassionate and community-minded young women who are globally aware.

We encourage our pupils to engage in charitable work in the local neighbourhood, as well as internationally, to instil a willingness to help and a deep awareness of the needs of others.

Charitable fundraising takes many forms, from cake sales and parent and pupil breakfasts, to enterprise fairs and even our Francis Holland Charity Dog Show!
